What's in it for you?

With AP, your annual preventive care is covered completely, and frequency of visits is custom-tailored based on individual patient needs. This includes all cleanings and all x-rays at cleaning visits, periodontal screening, courtesy fluoride treatments, oral cancer screening, oral hygiene instruction, and expert consultation.....in short, the best pathway to your optimal dental health. You receive preventive care that is both affordable AND ideally suited to your individual situation, and you receive it at significant savings over "paying as you go". Additionally, and best of all, your membership also entitles you to a 20% courtesy on any and all other services you receive in our office. This includes crowns, bridges, implants, fillings, dentures, etc.....even cosmetic services such as whitening or veneers. There are no exclusions, no annual maximums, and no waiting periods.

What's in it for us?

Quite simply, dental insurance companies have become a tremendous barrier in the patient/doctor relationship. Furthermore, AP encourages regular preventive care. When we see you regularly and are able to provide ideal preventive care affordably, your overall treatment is less complex.
