# AMBERLY DENTAL

## NO DENTAL INSURANCE?

## NO PROBLEM!

- Have you avoided the dentist due to lack of insurance?
- Are you self-employed?
- Retired or retiring?
- Have you experienced denial of benefits, delayed treatment due to waiting periods, or been denied coverage based on calendar year maximums?

AMBERLY  
DENTAL

Has an answer!

## It's not insurance, it's better!

Our advantage plan (AP) is an annual reduced-fee savings plan for families and individuals who value their dental health. The advantage plan entitles all members to quality, state-of-the-art dental care at greatly reduced prices.

Unlike conventional dental insurance plans, with the advantage plan there are no deductibles, no yearly maximums, and no waiting periods to begin treatment. AP benefit coverage begins immediately on the date of registration and payment.

Best of all, because AP is administered by our office independently, we handle everything for you, and you will always have a personal contact for plan questions and information.

## What's in it for you?

With AP, your annual preventive care is covered completely, and frequency of visits is custom-tailored based on individual patient needs. This includes all cleanings and all x-rays at cleaning visits, periodontal screening, courtesy fluoride treatments, oral cancer screening, oral cancer screening, oral hygiene instruction, and expert consultation. In short; we want to offer our patients the best pathway to optimal dental health. You receive preventive care that is both affordable AND ideally suited to your individual situation, and you receive it at a significant savings as opposed to "paying as you go."

Additionally, and best of all, your membership also entitles you to a 20% courtesy adjustment on other services you receive in our office. This includes crowns, bridges, fillings, as whitening or veneers. There are no annual maximums and no waiting periods!

## What's in it for us?

Quite simply, dental insurance companies have become a tremendous barrier in the patient/doctor relationship. Furthermore, AP encourages regular preventive care. When we see you regularly and are able to provide ideal preventive care affordable, your overall treatment tends to be less complex and expensive!
